The British Chamber of Commerce in Indonesia

WHO WE ARE

The British Chamber of Commerce is now in its second decade of establishment building on a British business presence that extends more than a hundred years. Over those years, we have had the pleasure of welcoming the most influential politicians, business leaders, world commentators, renowned experts in various fields and academicians as guests to over various forums. Last year, we hosted more than one hundred events that provided broad platforms for business development amongst our members.

Working in partnership with the British Embassy (DBT) and the British Council, whose senior representatives sit on our Board of Management, BritCham is committed to developing a services infrastructure that supports all stages of business development right from their inception in Indonesia.

To our members and a wider business community, we represent an independent and reliable source of information on issues. This covers politics, current affairs, security, health, inside-track analysis from our business sector groups, advocacy, personal and social development. In addition, the Chamber provides tremendous media opportunities for promoting and advertising to a dynamic business community.

Although British in name, our BritCham community is far from exclusively British. The integrity of the BritCham brand attracts members, sponsors and advertisers with roots from all over the globe and most pleasingly, from our host country, Indonesia. Indeed, through the establishment of Britain in South East Asia (BiSEA), opportunities are expanding in a regional context.

We proudly remain the only foreign business group with a community portfolio, Giving Kids a Sporting Chance-now in its 17th year.

We are delighted to have just established the BritCham Education Centre sitting within the BritCham Executive Office. This new unit offers a holistic solution bringing together Indonesian nationals looking to the UK for their education, formal education providers and blue-chip employers seeking the best returning talent. BritCham has put together an inaugural panel of British Universities whose employability ratings cover subject areas aligned with national goals and talent gaps.

Whether you are an SME in the UK looking at opportunities in Indonesia or an established business here, we strongly advocate that the only way to truly appreciate the value of membership is to take the first step and join our dynamic international business community.

At the moment, BritCham has 260 corporate members with 1,000 nominees based in Indonesia, plus overseas membership that is growing exponentially, annually.

VISION & MISSION:

Britain and Indonesia, Winning Together.

Mission Statement:

To be the leading business membership association. Promote and facilitate trade and investment growth between Indonesia and Britain through our diverse network.

Principal Objectives:

Collaborating | Networking | Advocating | Insightful.

CORE SERVICES:

- **Feedback** - on business information and market research to those who have interest in developing business relations between Britain and Indonesia. We run more than 100 functions every year, featuring prominent speakers to enable members to obtain first-hand information. We produce a weekly e- Newsletter to provide members with details of relevant business issues in the country and to keep members informed of developments in the region and the UK.

- **Lobbying** - members interests to relevant Government bodies and key decision makers. Together with other the International Business Chambers in Indonesia, we are committed to make your voice heard to the Indonesian Governments.

- **Market Access Support Services** - to open markets and improve access for trade and investment. We provide advice, guidance and support on local business practices to companies starting up in Indonesia. We provide various services for members and new entrants to the market, to assist in conducting your business in Indonesia. We conduct trade missions throughout the country to ensure effective and efficient use of time whilst exploring opportunities in Indonesia.

- **Advocacy** - to members' interests. Networking to increase opportunities for business development.

- **CSR** - BritCham works within community – 'Giving Kids A Sporting Chance'.
